

Westfield Nursery School Admissions Policy

Vision

At Westfield Nursery we aim to deliver against our vision 'Inspired beginnings; outstanding futures'.

Rationale

Research shows us that children learn best when they are happy and secure in their learning environment. We believe it is necessary to ensure continuity and consistency for children during transition from home to Nursery / Nursery to Reception. In doing this we recognise children's experiences and individual needs. We value parents as children's primary educators and we aim to work in partnership with them.

Purposes

We want

- Children who feel secure, happy and confident at nursery
- Children to develop independence to enable them to become independent, motivated learners
- Children to feel included and valued
- Children to develop positive relationships with adults and other children
- The transition from home to nursery and nursery to school to be smooth
- Parents to be actively involved in all aspects of their child's development. To enjoy two-way communication built on mutual trust and respect
- A learning environment which promotes a broad and balanced curriculum as set out by the Early Years Foundation Stage, reflecting and enhancing children's interests
- A learning environment that reflects a variety of cultural traditions, an environment which is accessible by children with different physical and intellectual needs
- Adults to be sensitive and supportive, listening and interacting with each child

- The child's birth certificate must be provided
- Parents are contacted by phone the term before to ensure they want a place and an offer letter together with entry forms are sent the half term before a child can start and these need to be returned to secure a place
- Regular attendance is important for children's well-being and progress
- We operate an inclusion and equality policy to ensure all children have access to Nursery
- Parents/carers and children are encouraged to visit the nursery prior to admission
- Parents/carers and children are invited to informal intake meetings, where they gain information about the school and can meet the class teacher and teaching assistants
- Parents/carers are asked to fill in an admission form
- Staff endeavour to undertake a home visit but if this cannot be arranged parents are asked to attend an 'in-school' visit. The purpose is to so that we can find out about the child's needs and interests, and answer any questions the parents may have
- The settling in period is generally timed over a week but is flexible to meet the needs of each child
- The Governing Body are kept informed of the numbers on roll
- Any appeals against non-admission must be made in writing to the Chair of the Governing Body via the school office to be dealt with by the governing body
- If the Nursery is full, parents will be sign-posted to the Beehive Children's Centre, so they can be sign posted to other settings
- When considering admissions, we are mindful of the staff: child ratios and the facilities available at Nursery
- Parents need to complete applications to Central Bedfordshire to secure their children's Reception place
