

Westfield Nursery School entry for the Dunstable in Bloom

For this year's Wheelie Fantastic entry, we have planted various plants which link to the theme of 'The Queen's Platinum Jubilee'.

We planted red, white, blue and purple flowers in the wheelbarrow and large planters.

The children were given the opportunity to use trowels to fill the wheelbarrow and pots with compost and dig the holes before planting the flowers. They have enjoyed watering the flowers and watching them grow.

On 7th June, we held a street party to celebrate the Queen's Jubilee. The children enjoyed a selection of foods, drinks and music during their day. The children learnt about the union flag and the Queen's time on the throne. The children loved the Queen masks. They role played being the Queen, using lots of language. We have displayed photos in the outdoor learning environment.

This is our wheelie fantastic wheelbarrow.
