

Westfield Nursery School

Vision and Aims

We want you to have the best start at school so you can live your best life.

We want you to be happy, learn to do things on your own, consider others; all whilst playing and having fun.

Your teachers will help you to do this by:

Helping you to think for yourself.

Working with your parents/carers and other grown-ups.

Helping you to explore what's at Nursery inside and outside, making sure you have fun things to do.

Provide you with a happy and safe space.

Provide you with happy and passionate teachers.

Celebrating and respecting everyone's special qualities and beliefs.
