### Key Facts

Bonfire night has been celebrated on 5<sup>th</sup> November in the UK for a long time (1605)  
 A firework is an explosive pyrotechnic device that is used mostly for entertainment.  
 Fireworks are made to have these four effects: noise, light, smoke, and sometimes produce floating materials (confetti for example)  
 Diwali is celebrated by Hindus, and Sikhs  
 Diwali means 'Row of lights'  
 The festival is about light (or good) triumphing over dark (or evil), which is one reason why people light oil lamps.  
 As well as lights, people draw colourful patterns on the floor to invite the gods into their homes, which is known as Rangoli.

You could discuss...
